

<スマートフォンのハンバーガーメニュー>

The following steps illustrate how to create a mobile hamburger menu:

- Step 1: Select the Widget**
In the SANGO editor, go to the **外観 (Appearance)** tab and select **ウィジェット (Widget)**.
- Step 2: Choose the Navigation Menu**
In the widget selection screen, choose **ナビゲーションメニュー (Navigation Menu)**.
- Step 3: Configure the Menu**
In the configuration screen, set the **メニューを選択 (Select Menu)** to **ヘッダーメニュー (Header Menu)**.
The menu items are: **TOPページ (TOP Page)** and **初めての方へ (For Newcomers)**.
- Step 4: Mobile View**
The final result is a mobile website with a hamburger menu icon in the top left corner.
